ProTech

NOAA’s Acquisition and Grants Process
ProTech Objective

Professional and Technical (ProTech) services is a suite of multiple-award Indefinite Delivery, Indefinite Quantity (IDIQ) contracts organized into five Domains:

- Satellite
- Fisheries
- Oceans
- Weather
- Enterprise Operations
Protech NAICS Codes/Small Business Determinations

- Satellite Domain 541712 1,000 employees
- Fisheries Domain 541990 $15M
- Oceans Domain 541620 $15M
- Weather Domain 541330 $15M
- Enterprise Operations 541611 $15M
ProTech Details (from Satellite Domain)

- 5-year IDIQ
- Period of Performance: two (2) year base with three (3) one-year option periods
- Professional and technical services to support 5 domains; not including Information Technology (IT) services
- Full and open competition with reserves for small business
- 5 labor categories for task orders in support of ProTech services
- Wide range of ProTech services spanning across 4 major task areas
ProTech Selections

- The number of awards determined by:
  - Comprehensive services across an entire domain
  - Sufficiency for effective task order competition
  - Small Business and Socio-economic needs
  - Effective contract administration

- Proposal evaluations and awards by domain
  - Offerors will have to demonstrate capability by domain
  - Reserve authority will be used as required

- 8a requirements are outside ProTech
ProTech Status for Domains

- Satellite - Awarded June 2017, procurement forecast available
  - [https://www.protechservices.noaa.gov/forecast.php](https://www.protechservices.noaa.gov/forecast.php)

- Fisheries - Awarded, procurement forecast available

- Oceans - Awarded, procurement forecast available

- Weather - Proposals Closed

- Enterprise Operations - Cancelled! Other mechanisms to be used (website states Blank Purchase Orders or other contract vehicles)
ProTech Notes

- Missed the proposal submission?
- Find an upcoming procurement you are interested in but you do not have a contract in that Domain?
